ABOUT ME

I'm a Full Stack Software Engineer focused mostly in backend engineering and very curious about machine-learning.

I've worked full-time since finishing my masters, and part-time while studying, mostly in Web Development, following agile and devops methodologies.

Currently I'm looking for a new challenge and the opportunity to learn more.

WORK HISTORY

Software Engineer - Uniplaces

Aug/ 2017 - Today

Full stack engineer, with a focus on backend, following agile and devops methodologies. Had a major role in developing the new search infrastructure and several other services. Using mostly Golang, PHP (Symfony) and AWS stack - DynamoDB, SQS, ECS, etc. Frontend with Ember.js and search engine with Elasticsearch.

Full Stack Developer - Aptoide

Jul/ 2016 - Jul/ 2017

Web development. Responsible for the integration of Twitch in the platform which involved modelling the information and the mechanisms to chronically save the data, plus write and read web services. Used mainly PHP and PostgreSQL. Html and Plain jquery.

Full Stack Developer - BimK and INESC-ID

Jun/2015 – Jul/2017

Grant holder in a collaboration between BIMK and INESC-ID.
Worked in the development of the website https://beta.bimk.com/ using AngularJS, the Play Framework and Elasticsearch.

Software Developer - Innovation Makers

Aug/2014 – Jun/2015

Integration of services for an android app called Glose EAM Mobile 2 using Xamarin and Visual Studio and C#.
Android Developer for a backoffice app called MyGon Internal using Android Studio.
EDUCATION

Master Degree

Information Systems and Computer Engineering

Major in Artificial Intelligence and Software Engineer

Instituto Superior Técnico

2014 - 2017

Bologna Degree

Information Systems and Computer Engineering

Instituto Superior Técnico

2011 - 2016

Bologna degree (1st year only)

Economics

Instituto Superior de Economia e Gestão

2009 - 2010

PERSONAL

Languages	Portuguese (Native) English (Fluent)
Date of Birth	05 / 04 / 1992

Additional experiences

Internal Relations

SINFO - Semana Informática do Instituto Superior Técnico

June 2014 - November 2015

Collaborator

NEIIST - Núcleo Estudantil de Informática do IST

June 2014 - July 2015

Collaborator, Children's Decorative arts instructor

Atelier Arte e Lazer

Summer 2012 / 2013
